Claims 14-16 and 21-29 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 14, line 4 and claim 21, line 1 the phrase "and/or" renders the claim vague and indefinite. It is unclear what the claimed combination is.

Claims 21, 28, and 29 are objected to under 37 CFR 1.75 as being a substantial duplicate of claim 14. Each of the recitations in claims 21, 28, and 29 are already found in claim 14. When two claims in an application are duplicates or else are so close in content that they both cover the same thing, despite a slight difference in wording, it is proper after allowing one claim to object to the other as being a substantial duplicate of the allowed claim. See MPEP § 706.03(k).
